La Grande, Oregon 97850

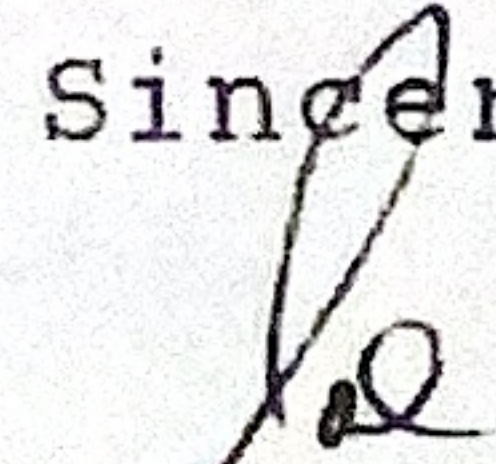

Dear Howard,

The City of Elgin has been awarded a \$25,000 grant from the State. The grant is from the Dept of Transportation's Special City Allotment program. The City will require engineering services to prepare bid specifications and other bid documents. The City would also like an estimate of the administrative charges required to see this project to completion.

For your information I have enclosed a copy of the "SCA" Application, the executed agreement between the City and the State with the letter of transmittal, and a copy of an estimate of the project cost prepared by Roger's Asphalt for this project, for a grant round two years ago.

Please contact me as you need further information. Feel free to contact Roger Lang at the Highway Division, on our behalf concerning this project.

Sincerely,

Joe Garlitz
Recorder/Administrator
